RE: **Hosston A Zone, Reservoir A**
Hosston B Zone, Reservoir A
Ada Field
Webster and Bienville Parishes, Louisiana

APPLICATION FOR PUBLIC HEARING

Dear Sir:

ConocoPhillips hereby makes application pursuant to the revised rules of procedure for a public hearing to consider evidence relating to the following matters pertaining to the Hosston A Zone, Reservoir A, and the Hosston B Zone, Reservoir A, in the Ada Field, Webster and Bienville Parishes, Louisiana:

1. To authorize ConocoPhillips to drill, designate and utilize its Davis R No. 10 Well as an additional alternate unit well on HOSS A RA SUW and HOSS B RA SUW at the location shown on the plats attached hereto and made a part hereof, in exception to existing spacing rules;
2. To authorize ConocoPhillips to drill, designate and utilize its Davis R No. 11 Well as an additional alternate unit well on HOSS A RA SUW and HOSS B RA SUW at the location shown on the plats attached hereto and made a part hereof;
3. To establish that the proposed alternate unit wells are necessary to efficiently and effectively drain a portion of the Hosston A Zone, Reservoir A, and the Hosston B

Zone, Reservoir A, underlying these units which cannot be efficiently and effectively produced by any existing well within each such unit;

4. To authorize the unit allowable for each unit to be recovered from the unit well, the alternate unit well(s), or from any combination thereof, at the discretion of the operator;
5. To consider and cover such other matters as the Commissioner of Conservation may deem appropriate and necessary under the circumstances.

The Hosston A Zone, Reservoir A, and the Hosston B Zone, Reservoir A, in the Ada Field, Webster and Bienville Parishes, Louisiana, were fully defined in Office of Conservation Order No. 99-M-1, effective on and after October 1, 1973.

ConocoPhillips has a market and a demand for additional deliverability from the unit which is the subject of this application and wishes to complete an alternate unit well as indicated.

The Davis R No. 10 Well was previously the subject of an alternate unit well application for HOSS A&B RA SUW under Docket Nos. 03-66 & 03-67. ConocoPhillips now wishes to move the location of the well and has determined that the new location is exceptional to a well located on an adjacent unit and, for that reason, is requesting a second hearing to address this same well.

The subject matter of this application does not require the issuance of a pre-application notice.

Any pertinent data relating to this matter can be obtained at the cost of the requesting party, from Mr. William L. Malone, ConocoPhillips, Post Office Box 1967, Houston, Texas 77251-1967, telephone number (713) 669-3713.

The attached list includes the names of all Interested Owners, Represented Parties and Interested Parties known to Applicant after a diligent search and a copy of this application, with plats attached, is being sent to each such party. Pursuant to Office of

Conservation regulations, such list of parties is being furnished **only** to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation; however, the list of parties will be provided to any person requesting a copy of it. Also enclosed is the Office of Conservation application fees.

Yours very truly,

COOK, YANCEY, KING & GALLOWAY
